

BUILD AMERICA, BUY AMERICAN CERTIFICATION

ND DEPARTMENT OF COMMERCE
DIVISION OF COMMUNITY SERVICES
SFN 59544 (04/25)

Covered Materials:

Iron and Steel – all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

Manufactured Products – the product was manufactured in the United States and the cost of the components of the Manufactured Product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the Manufactured Product.

Construction Materials – all manufacturing processes of the following Construction Materials occurred in the United States.

1. *Non-ferrous metals*. All manufacturing processes, from initial smelting or melting through final shaping, coating, and assembly, occurred in the United States.
2. *Plastic and polymer-based products*. All manufacturing processes, from initial combination of constituent plastic or polymer-based inputs, or, where applicable, constituent composite materials, until the item is in its final form, occurred in the United States.
3. *Glass*. All manufacturing processes, from initial batching and melting of raw materials through annealing, cooling, and cutting, occurred in the United States.
4. *Fiber optic cable (including drop cable)*. All manufacturing processes, from the initial ribboning (if applicable), through buffering, fiber stranding and jacketing, occurred in the United States. All manufacturing processes also include the standards for glass and optical fiber, but not for non-ferrous metals, plastic and polymer-based products, or any others.
5. *Optical fiber*. All manufacturing processes, from the initial preform fabrication stage through the completion of the draw, occurred in the United States.
6. *Lumber*. All manufacturing processes, from initial debarking through treatment and planning, occurred in the United States.
7. *Drywall*. All manufacturing processes, from initial blending of mined or synthetic gypsum plaster and additives through cutting and drying of sandwiched panels, occurred in the United States.
8. *Engineered wood*. All manufacturing processes from the initial combination of constituent materials until the wood product is in its final form, occurred in the United States.

Attached is a list and documentation of all Covered Materials I've caused to be consumed in, incorporated into, or permanently affixed to the Project. If the item's country of origin is outside the United States or unable to be proven, I have indicated as such.

Acceptable documentation supporting the Covered Materials complies with the Build America, Buy America Act ("BABA") and the Buy America Preference ("BAP") include:

1. Copy of the label indicating the product was made in the United States; or
2. Copy of the product description or technical specifications that provides sufficient detail to conclude that the Covered Material complies with BABA and/or the BAP; or
3. Certificate or signed certification from the manufacturer demonstrating the Covered Material complies with BABA and/or the BAP.
