### Section 3: State Plan Development and Statewide Goals

#### 3.1. CSBG Lead Agency Mission and Responsibilities:
Briefly describe the mission and responsibilities of the state agency that serves as the CSBG Lead Agency.

The ND Department of Commerce's mission is to lead ND's efforts to attract, retain and expand wealth. In doing so, we target 5 industries to broaden the state's economic base, create new wealth, and generate quality jobs for people. North Dakota's CSBG program continues the tradition of supporting community-based anti-poverty programs. The CAAs funded under CSBG are organized as non-profit corporations under North Dakota's legal definition. Each agency's board of directors is responsible for planning and implementing the CSBG activities and private resources based upon an assessment of local community needs, which the state agency oversees. The responsibility of the state's lead agency is to deliver, within established regulations and guidelines, support and training to the CAAs so that they may serve our state's diverse population. The state agency is responsible for evaluating the reporting on the National Performance Indicators and outcome measures to evaluate the agency's success in promoting self-sufficiency, family stability and community revitalization. It also assists with program development, training, and technical assistance.

#### 3.2. State Plan Goals:
Describe the state's CSBG-specific goals for state administration of CSBG under this State Plan.

(Note: This information is associated with State Accountability Measure 1Sa(i) and pre-populates the State's Annual Report, Module 1, Item B.1.)

The goals of the State CSBG office are: 1. Distribution of funds to eligible entities in compliance with all program regulations. 2. Complete reporting requirements and data collection for the CSBG program within the required timeframes. 3. Monitoring of eligible entities to ensure all regulations and compliance requirements are met. 4. To provide training and technical assistance to assist eligible entities in complying with CSBG regulations, program objectives, ROMA, and Organizational Standards.

#### 3.4a. Describe the specific steps the State took in developing the State Plan to involve the eligible entities.

(Note: This information is associated with State Accountability Measures 1Sa(ii) and may pre-populate the State's annual report form)

The State office works closely with the Community Action Partnership of North Dakota (CAPND) on a weekly basis. The State attends the CAPND Board meetings on a regular basis to provide updates on the CXBG program and to gather information regarding community action activities and needs. The State also attends eligible entities’ board meetings to provide board trainings as well as to gather feedback from board members. The State assisted each of its 7 community action agencies in conducting regional needs assessments in 2017. The draft state plan was provided to the CAAs in July, 2019, for distribution to all interested parties. Comments and feedback was solicited and the agencies were all invited to attend the public hearing on August 16, 2019.

#### 3.4b. Performance Management Adjustment: Describe how the state adjusted its State Plan development procedures under this State Plan, as compared to previous plans in order to:

1) encourage eligible entity participation and
2) ensure the State Plan reflects input from eligible entities?

Any adjustment should be based on the State's analysis of past performance in these areas, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing.

If the State is not making any adjustments, provide further detail.

(Note: This information is associated with State Accountability Measures 1Sb(i) and (ii) and pre-populate the Annual Report, Module 1, Item B.1.)

State has provided opportunities for eligible entities to contribute in the development of the State Plan and provide feedback on it, including opportunities such as public comments at a public hearing. The state also attends eligible entities’ state association meetings as well as board meetings to provide training and technical assistance as well as to gather input on the State's management of the CSBG program.

Section 4: CSBG Hearing Requirements

4.1. Public Inspection:
Describe the steps taken by the state to disseminate this State Plan to the public for review and comments prior to the public hearing, as required under Section 676(e)(2) of the Act.

For the Legislative Public Hearing on the FY 2020-2021 Community Services Block Grant/State Plan, the Legislative Council published ads in the Bismarck Tribune (Bismarck, ND) and the Fargo Forum (Fargo, ND) on December 27, 2018 to notify the public that a hearing would be held at 8:30 AM in the Roughrider Room of the State Capital Building in Bismarck, ND. The hearing was before the House Appropriations Committee and was part of the House Bill 1018 regarding the budget and appropriations for the ND Department of Commerce. Interested individuals were informed that information as to the proposed use and distribution plan for the block grant and a summary of the plan for FY2020-2021 was available at the Legislative Council, State Capital Building, 600 East Boulevard Avenue, Bismarck, ND 58505, prior to the hearing.

Notices about the public hearing were sent to 10 daily newspapers serving all regions of the state, the 7 Community Action Agencies, the Executive Director of the Community Action Partnership of ND (state association). Copies of the DRAFT State Plan were made available at the DCS offices as well as on the DCS website. The public was advised, through the notices sent by DCS, of the opportunity to review and comment on the DRAFT State Plan for FY2020-2021 prior to or at the public hearing scheduled for August 16, 2019. Section 6: Organizational Standards for Eligible Entities

Note: Reference IM 138, State Establishment of Organizational Standards for CSBG Eligible Entities, for more information on Organizational Standards. Click HERE for IM 138.

6.1. Choice of Standards: Confirm whether the state will implement the CSBG Organizational Standards Center of Excellence (COE) organizational standards (as described in IM 138) or an alternative set during the federal fiscal year(s) of this planning period

☐ COE CSBG Organizational Standards  ☐ Modified version of COE CSBG Organizational Standards  ☐ Alternative set of Organizational Standards

6.1a. Modified Organizational Standards: In the case that the state is requesting to use modified COE-developed organizational standards, provide the proposed modification for the FFY of this planning period including the rationale.

6.1b. Alternative Organizational Standards: If using an alternative set of organizational standards, attach the complete list of alternative organizational standards.

6.1c. Alternative Organizational Standards Changes: If using an alternative set of organizational standards:
1) provide any changes from the last set provided during the previous State Plan submission;
2) describe the reasons for using alternative standards; and
3) describe how they are at least as rigorous as the COE-developed standards

☐ There were no changes from the previous State Plan submission

Provide reason for using alternative standards

Describe rigor compared to COE-developed Standards

6.2. Implementation: Check the box that best describes how the state officially adopt(ed) organizational standards for eligible entities in the state in a manner consistent with the state's administrative procedures act. If "Other" is selected, provide a timeline and additional information, as necessary. (Check all that apply and narrative where applicable)

☐ Regulation

☐ Policy

☐ Contracts with eligible entities

☐ Other, describe:

6.3. Organizational Standards Assessment: Describe how the state assess eligible entities against organizational standards this federal fiscal year. (6), (Check all that apply.)

☐ Peer-to-peer review (with validation by the State or state-authorized third party)

☐ Self-assessment (with validation by the State or state-authorized third party)

☐ Self-assessment/peer review with state risk analysis

☐ Regular, on-site CSBG monitoring

☐ Other

6.3a. Assessment Process: Describe the planned assessment process.

Agencies submit the Self-Assessment Tool for Private CAAs created by the National Community Action Partnership along with all required documentation. This is then reviewed by the State office using the State Assessment Tool for Private CAAs. If there are any discrepancies or clarifications needed, the state will request additional information from the agencies. Taken together, the review captures each agencyÂs progress toward meeting all 58 Organizational Standards. When the review is completed, the State office provides a summary of standards that have not been met to the agencies and requests that they provide information about their progress to date, the next action steps, anticipated timelines and completion dates. The state offers assistance if any of the agencies would like additional help in meeting a standard(s).

6.4. Eligible Entity Exemptions: Will the state make exceptions in applying the organizational standards for certain eligible entities due to special circumstances or organizational characteristics (as described in IM 138)?  ☐ Yes ☐ No
6.4a. Provide the specific eligible entities the state will exempt from meeting organizational standards, and provide a description and a justification for each exemption

Total Number of Exempt Entities: 0

**7.1a. Formula Description:** Describe the current practice for allocating CSBG funds to eligible entities.

The state uses a base of $140,000 for each agency (37.78% of the pass-through funds). The remaining funds are distributed to the CAA's based upon the distribution of the low-income population based on the 2010 US Census.

**7.1b. Statue:** Does a state statutory or regulatory authority specify the formula for allocating "not less than 90 percent" funds among eligible entities?

- Yes
- No

**7.2. Planned Allocation:**
Specify the percentage of your CSBG planned allocation that will be funded to eligible entities and "not less than 90 percent funds" as described under Section 675C(a) of the CSBG Act. In the table, provide the planned allocation for each eligible entity receiving funds for the fiscal year(s) covered by this plan.

**7.3. Distribution Process:**
Describe the specific steps in the state's process for distributing 90 percent funds to the eligible entities and include the number of days each step...
Distribution of funds to eligible entities in ND relies heavily on the CSBG pass-through funds to provide services within their respective regions. Most local governments and counties do not contribute toward CAA operations. The CAAs operate in multi-county jurisdictions, differing in size and population. In FY2012, DCS and the seven CAAs revised the formula for distributing pass-through monies among the CAAs which reflects the distribution of the low-income population based on the 2010 US Census, the relative size of areas served and a minimum base funding level for each agency. The funding formula provides a base funding level equal to 33.23 of the pass-through funds, which is divided equally among the eight regions. Although there are 8 geographical regions in the state, there are 7 CAAs, since the Community Action Partnership Program serves both Region 1 & Region VIII. The remaining pass-through funds are distributed in direct proportion to teach CAA service areas share of the StateÂs low-income population using the 2010 census data. The formula was used beginning in 2014 and will end when a new formula is developed and agreed upon by the CAAs. A minimum pass-through level of $1,120,000 is required by the distribution formula in order to provide base funding under the new funding formula. A total State allotment of $1,230,769 would be required to provide a pass-through funding level of $1,120,000. In the event that the StateÂs allotment for FY2020 or FY2021 would be less than $1,230,769 each year, DCS will reduce or eliminate the 5% Discretionary funds to alleviate some of the impact on the CAAs for the decrease in CSBG funding, the shift in population in the state, and the decrease in funds the CAAs have received from other funding sources. CAAs receiving supplemental funding is contingent upon adequate State administrative and/or discretionary CSBG funding and CAAs having CSBG carryover of 20% or less from the previous grant year. Projected CSBG distributions to the 7 CAAs for FY2020-2021, based on the funding formula, can be found in Table III. We will be considering the amount of CSBG carryover available to the agency from the previous year in considering if any supplemental funds are awarded at the eligible agencies. TABLE III POTENTIAL CSBG DISTRIBUTIONS FOR FY2020 & FY2021 [REGION, PERCENT OF ALLOCATION, ALLOCATION AMOUNT] Region II, 13.41%, $396,680 ; Region III, 10.58%, $342,506 ; Region IV, 15.00%, $427,138 ; Region V 25.67%, $631,294 ; Region VI, 7.74%, $285,024; Region VII, 18.92%, $502,106; Region I & 8, 8.67%, $445,919. Totals $3,033,667. The State intends to distribute funds within 30 days of the date we receive our award letter. A public Legislative Hearing on the StateÂs proposed use and distribution of CSBG funds was held on January 9, 2019.

7.4. Distribution Timeframe:
Does the state plan to make funds available to eligible entities no later than 30 calendar days after OCS distributes the federal award? ☑️ Yes ☐ No

7.4a. Distribution Consistency: If no, describe state procedures to ensure funds are made available to eligible entities consistently and without interruption.

Note: This information is associated with State Accountability Measure 2Sb and may pre-populate the stateÂs annual report form.

7.5. Performance Management Adjustment:
Describe the stateÂs strategy for improving grant and/or contract administration procedures under this State Plan as compared to past plans. Any improvements should be based on analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any improvements, provide further detail.

Note: This information is associated with State Accountability Measure 25b and may pre-populate the stateÂs annual report form.

The State works closely with all 7 CAAs on a regular basis. Administrative procedural changes generally happen as a collaborative effort between the state office, the state association, and the CAAs. The state incorporates feedback from the ACSI survey in order to continue improving their ability to address the needs of the agencies.

If a funded activity fits under more than one category in the table, allocate the funds among the categories. For example, if the state provides funds under a contract with the State Community Action association to provide training and technical assistance to eligible entities and to create a statewide data system, the funds for that contract should be allocated appropriately between Items 7.7a - 7.7c. If allocation is not possible, the state may allocate the funds to the main category with which the activity is associated.

**Note:** This response will link to the corresponding CSBG assurance, item 14.2.

### 7.11. Performance Management Adjustment

Describe any adjustments the state will make to the use of remainder/discretionary funds under this State Plan as compared to past plans. Any adjustment should be based on the state's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail.

**Note:** This information is associated with State Accountability Measures 3Sb, and may pre-populate the State's annual report form.
The state does not plan to make any adjustments to the use of the discretionary funds. The State's use of discretionary funds includes: Assistance to the State's Community Action Association, new and innovative projects assisting people in poverty. If there is remaining discretionary funds after the fiscal year end, the funds are distributed to the State's seven eligible entities based on the same allocation formula for the non-discretionary portion of the CSBG allocation. This method of distribution has worked well for many, many years. We have not received any feedback on this method and do not foresee a need for any adjustments.

#### 8.1b. Training and Technical Assistance Collaboration: Describe how the state will collaborate with the state association and other stakeholders in the planning and delivery of training and technical assistance.

The state office and the state association have a very strong working relationship and communicate weekly to discuss ongoing training and technical assistance needs. This collaboration is jointly developed to meet the T/TA needs. As the regional RPIC lead, our state association serves as a strong resource for the entire region and coordinates communication with other entities or parties that may require additional assistance. We also work closely with the software vendor (CAP60) that all of the CAAs in the state use to help staff get the T/TA they need on the software itself. A Moodle-based learning platform is being developed to more effectively deliver training content to the CAAs. The agencies are regularly asked for feedback on what types of training they would like.

#### 8.2. TAPs and QIPs: Does the state have Technical Assistance Plans (TAPs) or Quality Improvement Plans (QIPs) in place for all eligible entities with unmet organizational standards, if appropriate? (Check all that apply.)

- Yes
- No

Note: This information is associated with State Accountability Measure 3Sc and pre-populates the Annual Report, Module 1, Table F.1.

#### 8.2a. Address Unmet Organizational Standards: Describe the state’s plan to provide T/TA to eligible entities to ensure they address unmet Organizational Standards. In the event that the State determines that an eligible entity falls short of meeting the terms of an agreement or the state plan, to provide services under the Community Services Block Grant program or to meet appropriate standards, goals, and other requirements established by the State (including performance objectives), the State will comply with the requirements outlined in Section 678C of the Act, to: a. inform the entity of the deficiency to be corrected; b. require the entity to correct the deficiency; c. offer training and technical assistance as appropriate to help correct the deficiency, and submit to the Secretary a report describing the training and technical assistance offered or stating the reasons for determining that training and technical assistance are not appropriate; d. at the discretion of the State, offer the eligible entity an opportunity to develop and implement, within 60 days after being informed of the deficiency, a quality improvement plan and to either approve the proposed plan or specify reasons why the proposed plan cannot be approved; e. after providing adequate notice and an opportunity for a hearing, initiate proceedings to terminate the designation of or reduce the funding to the eligible entity unless the entity corrects the deficiency.

#### 8.3. Training and Technical Assistance Organizations: Indicate the types of organizations through which the State Plans to provide training and/or technical assistance as described in item 8.1, and briefly describe their involvement.

8.4. Performance Management Adjustment: Describe adjustments the state made to the training and technical assistance plan under this State Plan as compared to past plans. Any adjustment should be based on the state's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail.

Note: This information is associated with State Accountability Measures 3Sd may pre-populate the state's annual report form

Due to administration changes within CSBG, the State is currently looking at ways in which the T/TA plan can be enhanced and how to become more involved in the RPIC activities within the region. In conjunction with the state association, a Moodle-based learning platform is being developed in order to deliver better and more accessible T/TA content.
### Section 9: State Linkages and Communication

#### Note:
This section describes activities that the state may support with CSBG remainder/discretionary funds, described under Section 675C(b)(1) of the CSBG Act. The state may indicate planned use of remainder/discretionary funds for linkage/communication activities in Section 7, State Use of Funds, items 7.9(b) and (c).

9.1. State Linkages and Coordination at the State Level:
Describe the linkages and coordination at the state level that the State plans to create or maintain to ensure increased access to CSBG services to low-income people and communities under this State Plan and avoid duplication of services (as required by the assurance under Section 676(b)(5)).

Describe or attach additional information as needed. [Check all that apply and narrative where applicable]

9.2. State Linkages and Coordination at the Local Level:
Describe the linkages and coordination at the local level that the state to create or maintain with governmental and other social services, especially antipoverty programs, to assure the effective delivery of and coordination of CSBG services to low-income people and communities and avoid duplication of services, (and as required by assurances under Sections 676(b)(5) – (6)).

To strengthen the service delivery system for low-income people in ND, the DCS and the CAAs have continued to coordinate and establish linkages with local, regional, and statewide entities to eliminate gaps in services and to avoid duplication of efforts. In addition to this, the state works closely with the Creating a Hunger-Free North Dakota Coalition, by participating on a monthly call to discuss various food-related and services that are occurring across the state. CAA staff utilize information and referrals, case management, and follow-up activities with other entities in order to ensure that the low-income individuals and families are able to access needed services. Some issues such as issues with social security, Medicare, health insurance, etc. cannot be successfully addressed by local efforts. However, the CAA staff attempts to address those needs that they can and work with others who might better be able to address some of those issues.

9.3. Eligible Entity Linkages and Coordination

9.3a. State Assurance of Eligible Entity Linkages and Coordination:
Describe how the state will assure that the eligible entities will coordinate and establish linkages to assure the effective delivery of and coordination of CSBG services to low-income people and communities and avoid duplication of services (as required by the assurance under Section 676(b)(5)).

Note: This response will link to the corresponding CSBG assurance, item 14.5.

- [ ] Each CAA and the State coordinate and establish linkages between governmental and other social services programs to ensure the effective delivery of such services to low income individuals and to avoid duplication of such services. Each agency developed its own list of linkages, which is a part of their application. These linkages are also verified during monitoring. Each CSBG eligible entity is required to sign a CSBG certification.

9.3b. State Assurance of Eligible Entity Linkages to Fill Service Gaps:
Describe how the eligible entities will develop linkages to fill identified gaps in the services, through the provision of information, referrals, case management, and follow-up consultations, according to the assurance under Section 676(b)(3)(B) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.3b., and pre-populates the Annual Report, Module 1, Item G.3b.

- [ ] Each CAA and the State coordinates and establishes linkages between governmental and other social services programs to ensure the effective delivery of such services to low income individuals and to avoid duplication of such services. Each agency has developed a current list of linkages. The CSBG Certification, which is attached to the grant agreement between the DCS and each CSBG subgrantee, will also reference this Assurance which is required
9.4. Workforce Innovation and Opportunity Act (WIOA) Employment and Training Activities:

Does the state intend to include CSBG employment and training activities as part of a WIOA Combined State Plan, as allowed under the Workforce Innovation and Opportunity Act (as required by the assurance under Section 676(b)(5) of the CSBG Act)?

- Yes
- No

Note: This response will link to the corresponding CSBG assurance, item 14.5.

9.4a. WIOA Combined Plan: If the state selected "yes" under item 9.4, provide the CSBG-specific information included in the state's WIOA Combined Plan. This information includes a description of how the state and the eligible entities will coordinate the provision of employment and training activities through statewide and local WIOA workforce development systems. This information may also include examples of innovative employment and training programs and activities conducted by community action agencies or other neighborhood-based organizations as part of a community antipoverty strategy.

CSBG was included in the State Memorandum of Understanding when it was developed. CAAS and the State CSBG Program Manager were actively involved in providing service/program information to the initial computer based website that was developed to serve as a means to meet the One-Stop Service approach required by WIOA. CAA programs, contact information, etc., were included in the website data to ensure that individuals were aware of and able to access the information. The website was an opportunity for all staff of involved agencies to become better informed of the services and programs available from various providers in an attempt to strengthen the collaborative opportunities to better serve clients.

9.4b. Employment and Training Activities: If the state selected "no" under item 9.4, describe the coordination of employment and training activities, as defined in Section 3 of WIOA, by the state and by eligible entities providing activities through the WIOA system.

9.5. Emergency Energy Crisis Intervention:

Describe how the state will assure, where appropriate, that emergency energy crisis intervention programs under Title XXVI (relating to Low-Income Home Energy Assistance) are conducted in each community in the state, as required by the assurance under Section 676(b)(6) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.6.

The agencies present their partnerships and linkages as a part of their Community Action Plan (CAP), many of which are faith-based, charitable, and community-based organizations. These linkages play into how the agencies are able to deliver services and they work together to avoid duplication of services. On-site monitoring is used to verify partnerships and agreements are collected during the annual Organizational Standard review.

9.6. Faith-based Organizations, Charitable Groups, Community Organizations:

Describe how the state will assure local eligible entities will coordinate and form partnerships with other organizations, including faith-based organizations, charitable groups, and community organizations, according to the state's assurance under Section 676(b)(9) of the CSBG Act.

Note: this response will link to the corresponding assurance, item 14.9.

The Community Action System coordinates and integrates energy assistance services with other local community programs to ensure that clients are referred to the appropriate services. The State CSBG office regularly attends the State Community Action Association (CAPND) meetings to provide technical assistance and updates on the CSBG program. The State CSBG office and the State Association visit on a weekly basis to touch base on activities around the state.

9.7. Coordination of Eligible Entity 90 Percent Funds with Public/Private Resources:

Describe how the eligible entities will coordinate CSBG 90 percent funds with other public and private resources, according to the assurance under Section 676(b)(3)(C) of the CSBG Act.

Note: this response will link to the corresponding assurance, item 14.3c.

Through their collaboration efforts, the CAAs and CAPND continue to strengthen their coordination with other service providers serving low-income individuals and families on local, regional and state levels. As roll-up TANF funds have become available in the past, the CAAs have submitted proposals and/or been funded to provide supportive services to State Welfare Reform efforts, including GED/basic educational programs and job retention activities. The linkages and innovative coordination and collaboration activities between the CAAs and other programs are detailed in other parts of this application. Working with other programs and entities throughout the service area strengthens the collaborative efforts of meeting the unmet needs of low-income citizens, which benefits all providers and programs including State, Regional and County Social and Human Service programs involved in Welfare Reform efforts. CAPND, CAA and DCS staff continue to maintain open communication with staff from the ND Department of Human Services and other state entities. The goal is to increase referrals between all levels of the programs, strengthen the relationships between programs and staff, and maximize the funding available to the State. The CSBG Certification, which is attached to the grant agreement between the DCS and each CSBG subgrantee, also references this Assurance which is required of each subgrantee. The Certification form is signed by the Board Chair of each CAA board.

9.8. Coordination among Eligible Entities and State Community Action Association:

Describe state activities for supporting coordination among the eligible entities and the state community action association.

Note: This information will pre-populate the Annual Report, Module 1, Item G.5.

The State Community Action Association (CAPND), the CAA entities and DCS staff maintains an open line of communication. It is rare that the State office does not visit with the CAPND in any given week. The goal is to increase relationships between the State, CAPND, and eligible CAAs are good. The State CSBG office regularly attends the State Community Action Association meetings to provide technical assistance and updates on the CSBG program. The State CSBG office and the State Association visit on a weekly basis on activities around the state.

9.9. Communication with Eligible Entities and the State Community Action Association:

The State utilizes an accrual form of accounting which applies a breakdown of funds, projects, and activity numbers specific to each grant. It also identifies expenditures for each subrecipient, administrative costs and discretionary funds. Monthly reports are run and verified to make sure that the funds have been disbursed appropriately. The SF-425 is prepared on a semi-annual and annual basis. Report and spreadsheet documentation are kept on file during the records retention time period. The subrecipients are financially monitored every two years to make sure that they are following their approved budget, have the appropriate internal control system in place, and expenditures are allowable. Our state agency is also audited by our State Auditors office on a biennial basis for the state Single Audit.

### 10.12. Single Audit Management Decisions:

- [ ] Attend Board meetings
- [ ] Organizational Standards Assessment
- [ ] Monitoring
- [ ] Review copies of Board meeting minutes
- [ ] Track Board vacancies/composition

Describe how the state will verify that eligible entities have policies and procedures by which individuals or organizations can petition for adequate representation on an eligible entity's Tripartite Board as required by the assurance under *Section 676(b)(10)* of the CSBG Act.

*Note: This response will link with the corresponding assurance, item 14.10.*

To ensure compliance with the CSBG Act, the State requires that each CAA, as part of the CSBG application process, provide a description of the procedures the agency has in place to ensure that a low income individual, community organization, or religious organization, or representative of low income individuals that considers its organization, or low income individuals, to be inadequately represented on the agency board, can petition for adequate representation on the Board. Each CAA has reviewed agency bylaws, revising them as necessary, to ensure compliance with this provision. A copy of the bylaws section addressing this requirement is provided to DCS with the agency community action plan. The CSBG Certification attached to the grant agreement between the DCS and CSBG subgrantees similarly addresses this compliance issue in that document. The Certification form is signed by the Board Chair of each CAA board.

#### 11.4. Tripartite Board Alternative Representation

### Section 12: Individual and Community Eligibility Requirements

#### U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
Administration for Children and Families
Community Services Block Grant (CSBG)

**SECTION 12**

- X% of the HHS poverty line (fill in the threshold)
- Varies by eligible entity

---

### 12.1a. Income Eligibility Policy and Procedures:
Describe any state policy and/or procedures for income eligibility, such as treatment of income and family/household composition.

Excerpt from manual: Client eligibility for direct CSBG services is based upon income level. The State of North Dakota, as permitted by Section 673(2) of the CSBG Act, has always established the eligible income level for CSBG services at 125% of the official poverty line as defined by the Secretary of the Department of Health and Human Services based on information provided by the Office of Management and Budget.

### 12.2. Income Eligibility for General/Short-Term Services:
Describe how the state ensures eligible entities generally verify income eligibility for those services with limited intake procedures (where individual income verification is not possible or practical). An example of these services is emergency food assistance.

Exceptions to the eligibility criteria could include food pantries, donations centers, assistive equipment items that are donated to the agency to be donated to eligible clients of the agency. If an individual needs food or assistive equipment and the entity has it available, a client should not be prevented from accessing because they don't meet the guidelines. Clients who claims no income must sign and date a self-declaration form attesting to the fact. The eligibility worker must also sign and date that form.

### 12.3. Community-targeted Services:
Describe how the state ensures eligible entities’ services target and benefit low-income communities for services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations).

The State reviews the eligible entities regional needs assessment to ensure the services are targeted at communities with demonstrated need. In addition to needs assessment, the State may ask for additional data to back up the needs assessment. The additional data can be in the form of regional planning data, city and county commission meeting notes, board of director minutes, and feedback from clients and community groups if available.
### Section 13: Results Oriented Management and Accountability (ROMA) System

**13.1. Performance Measurement System:**
Identify the performance measurement system that the state and all eligible entities use, as required by Section 678E(a) of the CSBG Act and the assurance under Section 676(b)(12) of the CSBG Act.

*Note: This response will also link to the corresponding assurance, Item 14.12.*

The Results Oriented Management and Accountability (ROMA) System

**Section 678E(b) of the CSBG Act**

**13.1a. ROMA Description:** If ROMA was chosen in Item 13.1, describe the state's written policies, procedures, or guidance documents on ROMA.

Excerpt from attached application/program guide: In meeting the required assurance contained in Section 676(b)(12) of the CSBG reauthorization, the law states that State and community action compliance is required with the Results Oriented Management and Accountability (ROMA) System, or another performance system approved by the Secretary of Health and Human Services. The State has required CAA participation in ROMA since 1997 when the Office of Community Services (OCS) initially began requiring State and CAA participation in ROMA. Beginning in 2005, OCS has required reporting on the National Indicators which document CAA efforts in the areas of self-sufficiency, family stability, and community revitalization. The State Plan and Annual CSBG Report are required to report on the outcome/National Indicator information that will be collected and the results of the data.

**13.1b. Alternative System Description:** If an alternative system was chosen in Item 13.1, describe the system the state will use for performance measurement.

**13.2. Outcome Measures:** Indicate and describe the outcome measures the state will use to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization, as required under Section 676(b)(12) of the CSBG Act.

- CSBG National Performance Indicators (NPIs)
- NPIs and others
- Others

Excerpt from attached application/program guide: Each agency is required to review the enclosed 2018 National Indicators that they are currently tracking, and revise the document, if necessary, to reflect what will be tracked for the 2020 and 2021 grant years. The updated document is to be submitted as part of the community action plan for the FY2020 and FY2021 grant years. If any changes are made in the National Indicators at the Federal level, DCS will provide that information to you as soon as it is received. Agencies are also encouraged to develop additional appropriate outcomes which would provide a better picture of their service area and what is being accomplished through the efforts of and partnerships with the CAA. Those additional outcomes should also be submitted to DCS with the workplan.

**13.3. Eligible Entity Support:** Describe how the state supports the eligible entities in using the ROMA or alternative performance measurement system.

*Note: The activities described under Item 13.3 may include activities... listed in “Section 8: State Training and Technical Assistance.” If so, mention briefly, and/or cross-reference as needed. This response will also link to the corresponding assurance, Item 14.12.*

The state office is working with the state association to develop more comprehensive ROMA T/TA material. Feedback on ROMA reporting compliance is provided to the eligible entities during the annual Organizational Standards review.

**13.4. Eligible Entity Use of Data:**
Describe how is the state plan to validate the eligible entities that are using data to improve service delivery?

*Note: This response will also link to the corresponding assurance, Item 14.12.*

The State reviews quarterly data submitted by eligible entities to look at/compare progress of activities submitted in their work plans. When applications and workplans are submitted, the State reviews data such as local planning documents, needs assessments, board minutes, census data, past outcome data, and client satisfaction surveys (if conducted) to ensure service delivery is efficient and effective.

**Community Action Plans and Needs Assessments**

**13.5. Community Action Plan:** Describe how the state will secure a Community Action Plan from each eligible entity, as a condition of receipt of CSBG funding by each entity, as required by Section 676(b)(11) of the CSBG Act.

*Note: this response will link to the corresponding assurance, Item 14.11.*

The State requires eligible entities to submit an application packet prior to awarding funds to the entity. The application requires, among many other documents, the submission of a CSBG work-plan (see attached document).

**13.6. Community Needs Assessment:**
Describe how the State will assure that each eligible entity includes a community needs assessment for the community served (which may be coordinated with community needs assessments conducted by other programs) in each entity’s Community Action Plan, as required by Section 676(b)(11) of the CSBG Act.
The State and the State Community Action Association (CAPND) assisted each eligible entity in conducting a Needs Assessment to meet the requirements of the CSBG Act. The State and the State's seven Community Actions are have completed a 2017 Needs Assessment Survey for 2020-2021 CSBG application. This survey covered all 53 counties served by the North Dakota Community Services Block Grants program. The State and the association are in the planning process for the next statewide needs assessment, which will be conducted in early 2020.
Section 14: CSBG Programmatic Assurances and Information Narrative

14.1 Use of Funds Supporting Local Activities

CSBG Services

14.1a. 676(b)(1)(A): Describe how the state will assure "that funds made available through grant or allotment will be used -

(A) to support activities that are designed to assist low-income families and individuals, including families and individuals receiving assistance under title IV of the Social Security Act, homeless families and individuals, migrant or seasonal farm workers, and elderly low-income individuals and families, and a description of how such activities will enable the families and individuals--
(i) to remove obstacles and solve problems that block the achievement of self sufficiency (particularly for families and individuals who are attempting to transition off a State program carried out under part A of title IV of the Social Security Act);
(ii) to secure and retain meaningful employment;
(iii) to attain an adequate education with particular attention toward improving literacy skills of the low-income families in the community, which may include family literacy initiatives;
(iv) to make better use of available income;
(v) to obtain and maintain adequate housing and a suitable living environment;
(vi) to make better use of available income;
(vii) to achieve greater participation in the affairs of the communities involved, including the development of public and private grassroots partnerships with local law enforcement agencies, local housing authorities, private foundations, and other public and private partners to -
(I) document best practices based on successful grassroots intervention in urban areas, to develop methodologies for widespread replication; and
(II) strengthen and improve relationships with local law enforcement agencies, which may include participation in activities such as neighborhood or community policing efforts;

Agencies determine the supportive activities based upon the community needs assessment. With this info, each agency develops their Community Action Plan (CAP) that discusses their proposed activities. This plan is reviewed before funds are administered. The State ensures these activities are supported during on-site monitoring.

Needs of Youth

14.1b. 676(b)(1)(B) Describe how the state will assure "that funds made available through grant or allotment will be used -

(B) to address the needs of youth in low-income communities through youth development programs that support the primary role of the family, give priority to the prevention of youth problems and crime, and promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs that have demonstrated success in preventing or reducing youth crime, such as-
(i) programs for the establishment of violence-free zones that would involve youth development and intervention models (such as models involving youth mediation, youth mentoring, life skills training, job creation, and entrepreneurship programs); and
(ii) after-school child care programs;

Agencies determine their youth supportive services based on the results of the regional needs assessment. With this information, each agency develops their Community Action Plan (CAP) that discusses their proposed youth development activities. This plan is reviewed before funds are administered and the State ensures these activities are supported during on-site monitoring.

Coordination of Other Programs

14.1c. 676(b)(1)(C) Describe how the state will assure "that funds made available through grant or allotment will be used -

(C) to make more effective use of, and to coordinate with, other programs related to the purposes of this subtitle (including state welfare reform efforts);

Eligible entities coordinate with many other types of agencies, such as other non-profits, faith-based organizations, governmental agencies, service providers and volunteers. Linkages and other coordination efforts are addressed in the Community Action Plan (CAP), which outlines the partnerships that the agency has engaged in. The CAP plan is reviewed by the State and linkages are updated during the on-site monitoring visit.
14.3a. 676(b)(3)(A) Describe "the service delivery system, for services provided or coordinated with funds made available through grants made under 675C(a), targeted to low-income individuals and families in communities within the state;"

Through their collaboration efforts, the CAAs and CAPND continue to strengthen their coordination with other service providers serving low income individuals and families on local, regional and state levels. As roll-up TANF funds have become available in the past, the CAAs have submitted proposals and/or been funded to provide supportive services to State Welfare Reform efforts, including GED/basic educational programs and job retention activities. The linkages and numerous coordination and collaboration activities between the CAAs and other programs are detailed in other parts of this application. Working with other programs and entities throughout the service area strengthens the collaborative efforts of meeting the unmet needs of low income citizens, which benefits all providers and programs including State, Regional and County Social and Human Service programs involved in Welfare Reform efforts. CAPND, CAA and DCS staff continue to maintain open communication with staff from the ND Department of Human Services and other state entities. The goal is to increase referrals between all levels of the programs, strengthen the relationships between programs and staff, and maximize the funding available to the State. These linkages enhance the activities of the state and the CAAs in helping low income people in becoming more self-sufficient and enhances their efforts to become employed or maintain their employment, better educated, financially solvent and more involved in their communities. For FY2016-2017, The State and eligible entities will continue to coordinate programs with and form partnerships with other organizations serving low-income residents of the communities and members of the groups served by the State, including religious organizations, charitable groups and community organizations. CAAs continue to refer clients to other related programs as appropriate, and have continued their efforts to have other organizations, including religious organizations, charitable groups and community organizations, become more familiar with the CAA mission and how they can all work together to more effectively address low income issues and needs. CAAs work with local, public, private, religious, charitable and community groups to develop more efficient and effective services for low income persons.

14.3b. 676(b)(3)(B) Describe "how linkages will be developed to fill identified gaps in the services, through the provision of information, referrals, case management, and followup consultations."

Each CAA and the State coordinates and establishes linkages between governmental and other social services programs to ensure the effective delivery of such services to low income individuals and to avoid duplication of such services. Each agency has developed a current list of linkages. The CSBG Certification, which is attached to the grant agreement between the DCS and each CSBG subgrantee, will also reference this Assurance which is required of each subgrantee. The Certification form is signed by the Board Chair of each CAA board.

14.3c. 676(b)(3)(C) Describe how funds made available through grants made under 675C(a) will be coordinated with other public and private resources."

Through their collaboration efforts, the CAAs and CAPND continue to strengthen their coordination with other service providers serving low-income individuals and families on local, regional and state levels. As roll-up TANF funds have become available in the past, the CAAs have submitted proposals and/or been funded to provide supportive services to State Welfare Reform efforts, including GED/basic educational programs and job retention activities. The linkages and numerous coordination and collaboration activities between the CAAs and other programs are detailed in other parts of this application. Working with other programs and entities throughout the service area strengthens the collaborative efforts of meeting the unmet needs of low-income citizens, which benefits all providers and programs including State, Regional and County Social and Human Service programs involved in Welfare Reform efforts. CAPND, CAA and DCS staff continue to maintain open communication with staff from the ND Department of Human Services and other state entities. The goal is to increase referrals between all levels of the programs, strengthen the relationships between programs and staff, and maximize the funding available to the State. These linkages enhance the activities of the state and the CAAs in helping low-income people in becoming more self-sufficient and enhances their efforts to become employed or maintain their employment, better educated, financially solvent and more involved in their communities. For FY2020-2021, The State and eligible entities will continue to coordinate programs with and form partnerships with other organizations serving low-income residents of the communities and members of the groups served by the State, including religious organizations, charitable groups and community organizations. CAAs continue to refer clients to other related programs as appropriate, and have continued their efforts to have other organizations, including religious organizations, charitable groups and community organizations, become more familiar with the CAA mission and how they can all work together to more effectively address low-income issues and needs. CAAs work with local, public, private, religious, charitable and community groups to develop more efficient and effective services for low-income persons.
Eligible Entity Emergency Food and Nutrition Services

14.4. 676(b)(4) Describe how the state will assure "that eligible entities in the state will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals."

Service Delivery System: The State has limited eligibility for CSBG funding to the seven (7) existing Community Action Agencies receiving federal anti-poverty funding in 1981: Region II Community Action Partnership Region III Dakota Prairie Community Action Agency Region IV Red River Valley Community Action Region V Southeastern North Dakota Community Action Agency Region VI Community Action Region VI Region VII Community Action Program Region VII Regions VIII & I Community Action Partnership CSBG funded CAAs serve the entire State. Each CAA develops a community action plan that they submit to the State for their request for CSBG funding. That plan addresses the determined needs of the service area, the services they will provide and coordinate through their CSBG award, a description of how services will be delivered and how the agency will coordinate services with other service providers in their service areas. The plans also address how the programs will be targeted to low income individuals and families. Since North Dakota has the statewide provision of community action services, the services delivered and coordinated in each region will be addressed through the CAA community action plans. If any geographic area of the State would cease to be served by an existing eligible entity, and the Governor of North Dakota, as the Chief Executive Officer, decides to serve the unserved area, he may solicit applications from and designate as an eligible entity (1) A private nonprofit organization, which may include an eligible entity, that is located in the unserved area, that is capable of providing a broad range of services designed to eliminate poverty and foster self-sufficiency, and that meets the requirements of the CSBG Act; and (2) A private nonprofit eligible entity that is geographically located in an area contiguous to or within reasonable proximity of the unserved area and that is already providing related services in the unserved area. The entity would need, prior to being designated as an eligible entity, to add additional members to the board to ensure that they meet the tripartite board requirements outlined in Section 676(b)(a) of the CSBG Act. (3) If there is no private nonprofit organization identified or determined to be qualified to serve the unserved area as an eligible entity, the Governor may designate a political subdivision of the State to serve as an eligible entity for the unserved area.

State and Eligible Entity Coordination/linkages and Workforce Innovation and Opportunity Act Employment and Training Activities

14.5. 676(b)(5) Describe how the state will assure "that the state and eligible entities in the state will coordinate, and establish linkages between, governmental and other social services programs to assure the effective delivery of such services, and [describe] how the State and the eligible entities will coordinate the provision of employment and training activities, as defined in section 3 of the Workforce Innovation and Opportunity Act, in the state and in communities with service delivery systems through statewide and local workforce development systems under such Act."

Note: The state describes this assurance in the state linkages and communication section, items 9.1, 9.2, 9.3a, 9.4, 9.4a, and 9.4b.

Note: The state describes this assurance in the state linkages and communication section, items 9.2 and 9.5.

Yes

Note: The state addresses this assurance in the Fiscal Controls and Monitoring section, item 10.7.

Coordination with Faith-based Organizations, Charitable Groups, Community Organizations

14.9. 676(b)(9) Describe how the state will assure "that the state and eligible entities in the state will, to the maximum extent possible, coordinate programs with and form partnerships with other organizations serving low-income residents of the communities and members of the groups served by the state, including religious organizations, charitable groups, and community organizations."

Note: The state describes this assurance in the state linkages and Communication section, item 9.6.

Eligible Entity Tripartite Board Representation

14.10. 676(b)(10) Describe how "the state will require each eligible entity in the state to establish procedures under which a low-income individual, community organization, or religious organization, or representative of low-income individuals that considers its organization, or low-income individuals, to be inadequately represented on the board (or other mechanism) of the eligible entity to petition for appropriate representation."

Note: The state describes this assurance in the Eligible Entity Tripartite Board section, 11.3.

To ensure compliance with the CSBG Act, the State requires that each CAA, as part of the CSBG application process, provide a description of the
procedures the agency has in place to ensure that a low income individual, community organization, or religious organization, or representative of low income individuals that considers its organization, or low income individuals, to be inadequately represented on the agency board, can petition for adequate representation on the Board. Each CAA has reviewed agency bylaws, revising them as necessary, to ensure compliance with this provision. A copy of the bylaws section addressing this requirement is provided to DCS with the agency community action plan. The CSBG Certification attached to the grant agreement between the DCS and CSBG subgrantees similarly addresses this compliance issue in that document. The Certification form is signed by the Board Chair of each CAA board.

Eligible Entity Community Action Plans and Community Needs Assessments

14.11. 676(b)(11) Provide "an assurance that the state will secure from each eligible entity in the services block grant made under this subtitle for a program, a community action plan (which shall be submitted to the Secretary, at the request of the Secretary, with the State plan) that includes a community-needs assessment for the community served, which may be coordinated with community-needs assessments conducted for other programs."

Note: The state describes this assurance in the ROMA section, items 13.5 and 13.6.

State and Eligible Entity Performance Measurement: ROMA or Alternate system

14.12. 676(b)(12) Provide "an assurance that the state and all eligible entities in the State will, not later than fiscal year 2001, participate in the Results Oriented Management and Accountability System, another performance measure system for which the Secretary facilitated development pursuant to 678E(b), or an alternative system for measuring performance and results that meets the requirements of that section, and [describe] outcome measures to be used to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization."

Note: The state describes this assurance in the ROMA section, items 13.1, 13.2, 13.3, and 13.4.

Validation for CSBG Eligible Entity Programmatic Narrative Sections

14.13. 676(b)(13) Provide "information describing how the state will carry out the assurances described in this section."

Note: The state provides information for each of the assurances directly in section 14 or in corresponding items throughout the State Plan, which are included as hyperlinks in section 14.

**Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)**

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need to be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or state highway department while in operation, state employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

- **Controlled substance** means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

- **Criminal drug statute** means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

- **Employee** means the employee of a grantee directly engaged in the performance of work under a
grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted - -
