

## Technical Skills Training Grant

### Section I Grant Information

#### A. Background

The Technical Skills Training grant was first developed in 2020 in response to the economic impacts of the COVID-19 pandemic. The program supported new and expanding accelerated skilled workforce training programs for displaced workers. During the 67<sup>th</sup> Legislative Assembly Special Session, the Department of Commerce received \$3,000,000 in American Rescue Plan Act (ARPA) funding to sustain and evolve this program. The Technical Skills Training grant program aims to offset the cost for program providers and employers in their effort to support the development of highly trained skilled workers to meet the demands of our labor market.

#### B. Purpose

The Technical Skills Training grant is designed to support eligible training providers and employers in their efforts to design and launch rapid, non-degree re-skilling and upskilling programs, expand capacity in existing programs that began after May 17, 2021, and/or move training to virtual platforms to train workers. All training programs must mitigate a workforce issue that was created or exacerbated by the COVID-19 pandemic.

This program has two tracks, each focused on developing or expanding a highly skilled workforce:

- Track A reflects the initial intent of this grant program and is designed for new and expanding accelerated, non-degree training programs that prepare trainees for new jobs.
  - o Programs in Track A may be eligible for up to \$100,000 with a dollar-for-dollar match.
  - o Programs in Track A are not for incumbent workers.
- Track B is designed for companies wishing to provide internal upskilling opportunities for their existing staff to promote movement and advancement throughout the organization, create more comprehensive onboarding and new worker training programs, and/or provide safety training for employees.
  - o Programs in Track B may be eligible for up to \$50,000 with a dollar-for-dollar match throughout the lifetime of the grant program.

#### C. Eligibility

- Eligible applicants include North Dakota colleges and universities, business, non-profit organizations, city/county municipals, and/or trades organizations/associations in North Dakota.
  - o Note: Degree programs are not eligible for funding under this grant.
- Training must take place in North Dakota.
- Majority of program participants must reside and intend to work in North Dakota.
