NORTH DAKOTA CENSUS OFFICE

The North Dakota Census Office within the North Dakota Department of Commerce serves as the state's liaison to the U.S. Census Bureau and is the state repository of census information. It assists in U.S. Census reporting, interprets data and responds to public requests for demographic and economic information.

The Census Office promotes the use of Census data products and works to:

- Maintain crucial census statistical products
- Provide guidance in the acquisition and use of census data products
- Assist the U.S. Census Bureau in acquiring survey respondents

The Census Office will also work with individuals to assist them in interacting more fully with Census data, such as:

- Group presentations
- Data request fulfillment
- Data access assistance
- Custom data tabulations
- Data mapping
- Data source referrals
